- BISAYA 

## ABOUT ME

BSIT student adept in programming (Android studio & Web development). Passionate about creating seamless user experiences through clean. Eager to apply my technical skills in a hands-on internship, contributing to both client-facing interfaces and basics functionalities. Ready to learn and grow in a dynamic IT environment.

## SCHOOL EXPERIENCE

### APPLICATION DEVELOPMENT

Father Saturnino Urios University  
Android Studio App making

The contributions to the system encompass a focus on backend development, actively adding APIs, and meaningful involvement in design-related aspects. This includes shaping server-side logic, ensuring seamless API integration, and providing insights into the overall design strategy.

### WEBSITE MAKING

Father Saturnino Urios University  
Basic Html, CSS, JS & PHP

The contributions include a good grasp of basic HTML, CSS, JS, and PHP, along with involvement in managing basic databases using PHP and MySQL. There's also support provided for improving the design elements of the system.

## EXTRACURRICULAR

### Urian Computer Society

President

Father Saturnino Urios University
